From (Name) Lt.-Col. C.M.Ganapathy, M.C., I.M.S.,
(Designation) Director of Public Health, Madras.

To The Secretary to the Government of Madras,
EDUCATION & PUBLIC HEALTH Department.

Sir,

In forwarding herewith the statement of Public Health establishment under Udipi Municipality furnished by the Municipal Commissioner, Udipi, I have the honour to offer the following remarks:

1. The statement of Public Health establishment is complete and correct.

2. The existing staff under each item except the conservancy staff items 6 and 7 of the statement is adequate and its strength may be fixed as it stands at present.

3. The existing strength of 13 sweepers and 9 scavengers is quite inadequate for actual requirements owing to the fact that

fact that consequent on the constitution of Udipi Municipality the number of private latrines has increased considerably. The employment of the additional staff of one Sanitary maistry 4 sweepers and 6 scavengers proposed in column 6 of the statement of Public Health establishment is an urgent necessity from the Public Health point of view and is recommended.

4.The desirability of appointing a separate Birth and Death registrar and vaccinator may be impressed on the Municipal Council.

5.The employment of a lorry cleaner proposed in column 6 of the statement against item No.4 is not recommended as this work could be attended to by one of the conservancy coolies.

6.All the members of the Public Health establishment possess the prescribed qualifications.

I have the honour to be,
S i r,
Your most obedient servant,

Lt.-Col.,I.M.S.,
Director of Public Health,
M a d r a s.
